

Fox Extreme LiFePO4 60V 30Ah E-Bike Battery | Ultra-Safe Long-Life B

SKU / Model: Not specified

PRODUCT OVERVIEW

Specification Details Product Name Fox Extreme 60V 30Ah LiFePO4 Lithium Battery Pack Brand

Fox Extreme Battery Type LiFePO4 (Lithium Iron Phosphate) Nominal Voltage 60V / 61V Fully

Charged Voltage ? 69V Capacity 30Ah Energy Output ? 1,800 Wh Cell Type 32140 / 15000mAh

LiFePO4 Cylindrical Cells Configuration 19S2P Number of Cells 95 Cells Cell Capacity 15Ah

per Cell Cycle Life Up to 3000 Cycles* BMS Smart BMS with Safety Protections Charging Time

Approximately 4 8 Hours, Depending on Charger Operating Temperature 0°C to 65°C Applications

E-Bikes, E-Scooters, Electric Motorcycles, Delivery Bikes Weight Approximately 10 15 kg,

Depending on Casing Casing Shockproof, Heat-Resistant & Weather-Protected Enclosure Battery

Protection Overcharge, Over-Discharge, Overcurrent, Short Circuit & Temperature Protection

Battery Design Rechargeable Lithium Battery Pack Suitable Charger LiFePO4 Charger for 69.5v

Battery charger

TECHNICAL SPECIFICATIONS

Nominal Voltage: 60V
Capacity: 30Ah
Energy: 800 Wh
Chemistry: LiFePO4
Cycle Life: 3000 Cycles
Product Category: E BIKE BATTERY LIFEPO4 PACK

PRODUCT DESCRIPTION

Fox Extreme LiFePO4 60V 30Ah E-Bike Battery | Ultra-Safe Long-Life Battery The Fox Extreme

LiFePO4 60V 30Ah E-Bike Battery is engineered for riders who demand the highest standards in safety, power stability, and long-term durability. Built with advanced Lithium Iron

Phosphate (LiFePO4) chemistry, this battery delivers unparalleled thermal stability, long cycle life, and reliable performance for both daily commuting and heavy-duty electric bike

applications. Whether you re riding long distances, carrying heavy loads, or operating a high-torque motor, the Fox Extreme battery ensures consistent output and optimal safety in

every condition. Reliable 30Ah Capacity for Long-Distance Riding With a strong 30Ah

capacity, experience significantly extended range, fewer charging cycles, and uninterrupted daily usage ideal for delivery e-bikes, high-power EVs, and long-distance riders. Superior

Safety with LiFePO4 Technology LiFePO4 chemistry is the safest among all lithium battery

types. Enjoy: Extreme thermal stability No risk of thermal runaway Higher safety under heavy

load Fire-resistant cell composition Perfect for demanding riders and commercial use. Stable

Power Delivery & Excellent Voltage Retention The Fox Extreme 60V 30Ah battery offers smooth acceleration, stable voltage levels, and consistent output even under strain. It's ideal

for: High-torque electric motors Heavy-duty e-bikes Electric scooters Electric motorcycles

PRODUCT DATASHEET

Smart BMS Complete Protection Equipped with an advanced Smart BMS (Battery Management System) that offers: Overcharge protection Over-discharge protection Overcurrent & short-circuit protection Temperature monitoring Automatic cell balancing This ensures long-term performance and extended battery lifespan. Fast Charging Compatibility Designed for both standard and fast chargers, giving you reduced downtime and greater convenience. Rugged & Long-Lasting Construction Built with a durable, shockproof, and weather-resistant casing, the Fox Extreme battery is engineered to withstand: Vibration Heat Outdoor riding conditions High-load applications Why Choose the Fox Extreme LiFePO4 60V 30Ah Battery? Premium LiFePO4 safety and stability Extremely long lifespan (up to 3 Remove term: electric bike battery 60V electric bike battery 60V 000 cycles) Strong and steady power output Ideal for commercial and heavy-duty use Fast charging and advanced smart protection Reliable for long distances and daily riders
