

Fox Pro LiFePO4 60V 30Ah E-Bike Battery | Ultra-Safe Long-Life Lithium

SKU / Model: Not specified

PRODUCT OVERVIEW

Specifications Specification Details Brand Fox Pro Battery Type LiFePO4 (Lithium Iron Phosphate) Voltage 60V (Nominal 61V; Fully Charged ? 69V) Capacity 30Ah Energy Output ~1800 Wh Cell Type 32700 / 6000mAh LiFePO4 cylindrical cells Configuration 19S (19 cells in series) Cycle Life 2000 cycles (2xlonger than Li-ion) BMS Smart BMS with full safety protections Charging Time 4 8 hours (depending on charger) Operating Temperature 0°C to 65°C Applications E-bikes, e-scooters, electric motorcycles, delivery bikes Weight 10 15 kg (depends on casing) Casing Shockproof, heat-resistant, weather-protected enclosure

TECHNICAL SPECIFICATIONS

Nominal Voltage: 60V
Capacity: 30Ah
Energy: 1800 Wh
Chemistry: LiFePO4
Cycle Life: 2000 cycles
Product Category: E BIKE BATTERY LIFEPO4 PACK

PRODUCT DESCRIPTION

Fox Pro LiFePO4 60V 30Ah E-Bike Battery Premium Safety, Long Life & High Performance The Fox Pro LiFePO4 60V 30Ah E-Bike Battery is engineered for riders who demand the highest standards in safety, power stability, and long-term durability. Built with advanced Lithium Iron Phosphate (LiFePO4) chemistry, this battery delivers unparalleled thermal stability, long cycle life, and reliable performance for both daily commuting and heavy-duty electric bike applications. Whether you re riding long distances, carrying heavy loads, or operating a high-torque motor, the Fox Pro battery ensures consistent output and optimal safety in every condition. Reliable 30Ah Capacity for Long-Distance Riding With a strong 30Ah capacity, experience significantly extended range, fewer charging cycles, and uninterrupted daily usage ideal for delivery e-bikes, high-power EVs, and long-distance riders. Superior Safety with LiFePO4 Technology LiFePO4 chemistry is the safest among all lithium battery types. Enjoy: Extreme thermal stability No risk of thermal runaway Higher safety under heavy load Fire-resistant cell composition Perfect for demanding riders and commercial use. Stable Power Delivery & Excellent Voltage Retention The Fox Pro 60V 30Ah battery offers smooth acceleration, stable voltage levels, and consistent output even under strain. It's ideal for: High-torque electric motors Heavy-duty e-bikes Electric scooters Electric motorcycles Smart BMS Complete Protection Equipped with an advanced Smart BMS (Battery Management System) that offers: Overcharge protection Over-discharge protection Overcurrent & short-circuit protection Temperature monitoring Automatic cell balancing This ensures long-term performance and extended battery lifespan. Fast Charging Compatibility Designed

PRODUCT DATASHEET

for both standard and fast chargers, giving you reduced downtime and greater convenience.

Rugged & Long-Lasting Construction Built with a durable, shockproof, and weather-resistant

casing, the Fox Pro battery is engineered to withstand: Vibration Heat Outdoor riding

conditions High-load applications Why Choose the Fox Pro LiFePO4 60V 30Ah Battery? Premium

LiFePO4 safety and stability Extremely long lifespan (up to 2000 cycles) Strong and steady

power output Ideal for commercial and heavy-duty use Fast charging and advanced smart

protection Reliable for long distances and daily riders
